ADVANCED THICKENING SOLUTIONS

The Natural Solution To Thinning Hair

Cell-U-Plex Technology

It is a synergistic blend of pure plant extracts, vitamins, and proteins. Designed for both men and women, the formula infuses the hair shaft to instantly bodify and amplify; improving hair's overall vigor.

This proprietary Cell-U-Plex blend includes many plant and herb derivatives, including Rosemary and Aloe Vera.

Cell-U-Plex Technology

- **Rosemary:** is an evergreen herb native to Mediterranean countries, and is known to help increase blood circulation. It helps stimulate and strengthen hair follicles, giving you stronger, healthier hair.

- **Aloe Vera** plant juice contains enzymes that can help remove dead skin cells from your scalp, helping your hair growth cycle. It also conditions your hair and gives it a healthy shine.

Ingredients: Marine Flora Complex

Marine Flora Complex is a Tahitian marine water microalgae, derived from sustainable, renewable sources that strengthens and thickens hair, helping to prevent thinning hair. It's clinically shown to help reduce the appearance of hair loss by targeting the three stages of your hair growth cycle. The result is thicker, fuller, healthier, and younger-looking hair.

- Supports longer retention of hair
- Encourages healthy hair growth
- Visibly thickens the diameter of hair strands.
